Energy-optimised
operation

Easy
commissioning

- Replaces the RDG 160KN 1:1 thermostat
- Intuitive, user-friendly operation
- Modern, slim design
- Selection of operating modes
- Room temperature control
- For 2- and 4-pipe heating systems
- Automatic HEATING/COOLING switching
- Power indicator function for energy-optimised system operation
- Built-in relative humidity and temperature sensors
- Display of ambient or desired temperature
- Capacitive touch control wheel and button and large backlit display
- The most powerful room controller with KNX communication over S mode and LTE mode
- Advanced HVAC applications
- Manual or automatic 3-stage fan speed control
- Operation in comfort, attenuation or protection mode
- 3 multi-function inputs – window contact, occupancy detector, heating/cooling switching, condensation sensor, fault, monitoring input, etc.
- Easy commissioning via the SIEMENS PCT Go mobile app (Google Play)
- Power supply voltage 24 V DC, power consumption 4 W
- EC fan control voltage 0–10V DC
- Temperature setpoint range 5–40°C
- Switch hysteresis adjustable from 0.5–6K
- IP 30 protection
- Wall mounting with base mounting plate
- Dimensions W × H × D: 92 × 134 × 25 mm

Order code: REG-RDG260KN

Accessories

- Option to connect a separate room sensor (QAA32, eg, for implementation in humid environments)
