

Thermoelectric actuator

- IP rating IP 44
- reset time 4 min
- unit height 65 mm
- M 30×1.5 thread
- cable length 1, 3 and 5 m
- closed without voltage

TEP 230

- power supply 230 V AC
- power consumption <2 W

Order code (cable 1 m): REG-TEP230-100

Order code (cable 3 m): REG-TEP230-300

Order code (cable 5 m): REG-TEP230-500

TEP 24

- power supply 24 V DC
- power consumption <2 W

Order code (cable 1 m): REG-TEP24-100

Order code (cable 3 m): REG-TEP24-300

Order code (cable 5 m): REG-TEP24-500

For ambient temperature setting and regulation, convectors must be fitted with thermostatic heads or thermoelectric actuators.

Stainless steel flexible hoses

- stainless steel welded hose
- lengths 10, 12, 20, 30 cm
- end fitting with internal thread G $\frac{1}{2}$ (flat seal)
- end fitting with external thread R $\frac{1}{2}$ (thread seal)
- max. temperature 180 °C
- PN 10

Order code (10 cm): REG-N10

Order code (12 cm): REG-N12

Order code (20 cm): REG-N20

Order code (30 cm): REG-N30
