

Wiring diagram for the KORAFLEX Amper FVA electric floor convector controlled by SIEMENS RDG 260T, SIEMENS RAB 21-DC or HY607LIC thermostats Heating

- 1 electrical box with connection terminal block and electronics
- 2 tangential fans with EC regulation
- 3 heating register 230 V AC
- 4 TS1 – control sensor
- 5 TS2 – protective sensor (24 V DC)
